UF | IFAS Extension
UNIVERSITY of FLORIDA

In response to the current COVID-19 pandemic, UF/IFAS Extension agents affiliated to CAFÉ-Latino have created a series of educational videos to market our services and provide educational information to Spanish-speaking audiences in Florida.

UF/IFAS Extension is an institution with equal opportunities for all regardless of race, ethnicity, and many other aspects that makes us who we are. In an attempt to better reach Spanish-speaking audiences, CAFÉ-Latino members have created a science-based series of video-interviews and demonstrative videos. This document provides you with a list of these creative works, their links and supplemental information.

=====**Press**
release=====

These videos cover soil nutrition, farm business planning, reproductive management of beef cattle, 4-H youth development, plant genetic selection, ornamental horticulture, and many more topics. Produciendo en Tiempos de Distanciamiento Social is an ongoing video-series that will provide the viewer with educational interviews and classes from Agents, Specialists, and allied partners in agriculture from varied disciplines ranging from animal science to ornamental horticulture, to 4-H Youth Development, and many more.

Enjoy and share these resources we have created for you, and remember, CAFE-Latino is part of the University of Florida IFAS/Extension, an equal opportunity institution.

Video Catalogue for CAFÉ-Latino:

Year Publish	Title (English)	Title (Spanish)	Summary of Topic	Link	Categories	Language English (E) Spanish (S)	Duration (Minutes)
2020	Farming in times of social distancing 26 - Florida Invasive plant Species List (Category I)	Produciendo en Tiempos de Distanciamiento Social Parte 26 - Listado de Plantas Invasivas en la Florida (Categoria I)	The identification of Florida's invasive plant species is crucial for any farmer or rancher who wants to maintain healthy productive pastures and crops.	https://youtu.be/YAsTtPtQLbU	Ag Farmers New Farmer Gardening 4-H Extension Agents Students Professional	E	8.57
2020	Farming in times of social distancing 25 – Let's talk about Bees.	Produciendo en Tiempos de Distanciamiento Social Parte 25 - Hablemos de Abejas	The International day of bees. We talk about the use of bees in Agriculture.	https://youtu.be/iXYX1_m9fgA	Ag Farmers New Farmer Gardening 4-H Extension Agents Students Professional	S	33.11
